

## **Ending of mutual agreement on CPD.**

The PSI mutual agreement with the BPS regarding the recognition of each others CPD scheme has ended.

The BPS has decided to discontinue their Continuing Professional Development (CPD) scheme pending the forthcoming introduction of Statutory Registration for psychologists in the UK. As a result the CEO of the BPS, Dr. Ann Colley, has written to the PSI informing us that the mutual agreement in recognition of our CPD schemes now ends as per the original agreement. This information was contained in a letter send to the Society and a copy of the letter that will issue to all Chartered member of the BPS. Please see the letter from the BPS included here.

The net result for Registered members of the PSI, who are also Chartered members of the BPS, is that they will have to resume the submission of CPD logs to the PSI at the end of the current CPD cycle in December 2009. CPD logs are next due for submission by January 31<sup>st</sup> 2010.
