Applicant one

I am a Psychologist from Brazil, and I have been living in Ireland for nearly 2 years now. I completed my degree in 1998 in Sao Paulo, Brazil. My work experience in my final year included work in: Psychological Services, Psychological Counselling, Social and Organizational Psychology.

Since completing my degree in Psychology I have become a Human Resource Specialist. I have worked for 5 years within different companies such as Call Centres, Department Stores, Information Technology and Industry.

I focused my career in the areas of Recruitment, Selection, Training and Development. I was fortunate to have had the opportunity of working in 2 companies where it was my responsibility to set-up and run the Human Resources Department. This experience was very rewarding because I was able to develop my Diagnostic Skills in finding out the best procedures to attend to the companies needs.

The fact that I have worked in diverse kinds of companies has afforded me the opportunity of managing large and small budgets. In this way I have had experience in creating the best HR programme to suit the requirements of each company.

I decided 2 years ago to learn English and I realised that the best way to do it would be to live abroad. Currently, I am working as a childminder and also work in an Accountants Office where my duties include Data Input (Payroll information).

I am still studying English, and I did the First Certificate Exam, (Cambridge) last month. I intend to continue my English studies and further my knowledge of the language.

I am looking for a further opportunity to work in HR in Ireland because I feel that this experience would stand to me in my career and I am sure that I can continue making a significant contribution within Human Resources.

I would be grateful if you could give me an opportunity of working with your HR Department.
